TEMPORARY ELECTRICAL SERVICE AGREEMENT

I, _____ do hereby apply for temporary use of the permanent _____ electrical
(size of service)
 service system to the structure at _____
(address of site)

We do hereby release and agree to indemnify, save and hold harmless the County of Watauga and its employees from any and all liability due to or arising from the County of Watauga causing the electrical service to the above mentioned premises being disconnected. Temporary service is issued solely as a courtesy for the completion of construction and the building is not to be occupied until a certificate of occupancy is issued. Any violation of the above will automatically void temporary service.

The use of the system before final inspections is anticipated to be _____ days or less. The temporary use of the system is necessary to operate the HVAC and to provide lighting for the completion of the finish work. Only those circuits that are necessary and/or have been inspected and approved by the electrician and electrical inspector will be energized. Any 125v single-phase circuits temporarily energized for construction purposes will be ground fault interrupt protected, with the exception of lighting circuits in metal conduit.

The building will be constantly supervised or will be securely locked when it is not supervised. The Electrical, HVAC, Plumbing, and Fuel Piping contractors are ready for the systems to be energized as attested below.

 Owner/General Contractor Date Witness/Notary

As Electrical contractor I hereby certify that the building at _____
 () is ready () is not ready for power to the () amp service. Branch circuits will be energized as stated above.

 Electrical Contractor Title Witness/Notary

As HVAC contractor I hereby certify that the HVAC equipment installed at _____
 () is ready () is not ready for power and gas to be turned on. I an aware that the electrical systems will be activated as stated above.
